

Track 1:

'Living Coasts penguins: They do what they do'

They waddle around but they can't fly
In the sky
They dive down deep but they can't see me
In the sea

They're noisy and smelly
And they have a fluffy belly
Which is full of fish,
The penguins' perfect dish

They waddle around but they can't fly
In the sky
They dive down deep but they can't see me
In the sea

Their feathers are black and white
Light as day, dark as night
A clever disguise,
Hides them from hungry eyes

They waddle around but they can't fly
In the sky
They dive down deep but they can't see me
In the sea

They waddle around but they can't fly
In the sky
They dive down deep but they can't see me
In the sea
